ONE TRACK, MANY PATHS

Hardware.

Whether renovating or building new, when it comes to barn doors, nothing sets them apart as much as their hardware. Compatible with The Moda Barn Door Collection and other Corinthian interior doors, the face-mounted hardware kit features a durable matt black finish, two metre track, exposed rollers and anti-jump stops for smooth sliding.

Door guide options.

To keep your barn door on track and prevent it from swinging towards and away from the wall, we offer two types of door guides. The floor-mounted door guide comes standard as part of the hardware kit. If your floor is tile, cement, stone, marble or another hard surface that you would rather not drill into, the wall mounted door guide is another option. Equally as discreet, this easy-to-install hardware is sold separately in a matt black finish.

Door sizes.

Height: 2150, 2450mm

Width: 1000mm

Thickness: 35mm

Brace Width: 115mm

Construction.

Crafted from sustainable solid timber, The Moda Barn Door Collection employs a stile and rail technique that features a subtle 'V' groove. The designs and braces are mirrored on both sides and each door is bottom-grooved ready to glide. They're available in two finishes: an American White Oak veneer that's perfect for staining, or Primed, providing a smooth paint finish.
